

# Twyford Neighbourhood Plan

Twyford Parish Council and volunteers from the village are creating a Neighbourhood Plan to put in place planning policy to guide future development. A Neighbourhood Plan is a legal document that Wokingham Borough Council must take into consideration when planning future development in Twyford and gives the residents a better say on what is and is not allowed to be developed.

We will be gathering information and consulting with the village and we will be asking for your views on what's important to you regarding the village in a variety of ways including questionnaires, meetings and other events over the coming year or so. At the end of this a plan will be submitted for approval to an appointed Planning Inspector. If this is successful the village will then be asked to vote on whether it is adopted or not.

It is vital, as part of the process, that we collect your views on housing, transport, the environment and facilities in the village. This questionnaire marks the beginning of the consultation process. We would appreciate your time to complete this and help us ensure Twyford develops in a sustainable and attractive way over the next 20 years.

## Instructions for Completing the Questionnaire

The questionnaire is divided into 3 sections, designed to gather your opinion on Housing, Transport and the Village Environment (Future Village). We are delivering one paper copy of the survey to each household in Twyford Parish but if you prefer, or if more than one person in the household wishes to submit a questionnaire, an electronic version is available.

Additionally, further paper copies can be obtained by contacting the clerk by email at [assistant.clerk@twyfordparishcouncil.gov.uk](mailto:assistant.clerk@twyfordparishcouncil.gov.uk)
