

Air Quality Steering Group 12.11.21

In attendance: Kathryn Horsepool - WBC Active Travel Officer, Charlie Fielder – Environmental Health Officer, Aiden Richardson – WBC Transport Plan, Jason Webb – Public Protection, Ray Sunley, Bridget Ditcham, Lucy Moffatt.

Items discussed:

Behaviour change banners – schools have been offered banners costing £80 for the anti-idling campaign. One has been funded for The Colleton.

Jason reported on a bumper sticker competition to encourage the driver behind to switch off. There were 348 entries of which 19 were from The Colleton.

An initiative for 'Active Travel Champions' and it is hoped there will be some Eco Warriors from The Colleton.

Workshops are being developed where children use a hand held air quality to monitor CO2 and data can be downloaded.

Lewis Taylor roadshows on road safety are being offered to schools.

Bridget asked about the next data from the crossroads – should be available for the January /February meeting.

Ray asked if a drop in the CO2 was noticed as a result of the banners – all about behaviour change.

Lucy reported the banner by the Bowling Green which is not hanging properly – report to Martin Heath.

Bridget asked about a review of the crossroads – refer to Martin Heath.

Lucy asked if any more progress had been made with the green wall suggestion – group focussing on behaviour change.

Kathryn Horsepool is trying to engage Polehampton School without much success. Bridget agreed to make contact. Piggott at Charvil may be asked to participate if no success with Polehampton.
