Twyford Parish Council will consider applications for grants or loans from non profit-making voluntary organisations, charitable bodies or other bodies (but not individuals) providing a public service other than for gain, which will directly benefit the parish of Twyford and its residents. Priority will be given to smaller and more local organisations.

There are strict guidelines which the Council itself has to follow and it should be noted that each application will be viewed by the Council on its own merits. Should you have any questions please contact the Office for further information.

When making a request the following must be considered:

- What benefit to the parish or its residents would the grant provide.
- Are the objectives of the proposal realistic and will the grant requested, along with other funds, cover the costs involved.
- Has the applicant sought funding from other sources.
- Strict criteria may be applied to large capital projects.
- Any grants made may be subject to conditions

Grants or loans will be considered by the Council on receipt of a completed application form available from the Council's website: www.twyfordparishcouncil.gov.uk
